INSURANCE DIVISION

The Bureau of Insurance was established by legislative enactment on March 21, 1873. From that date to the year 1913, the State Treasurer was ex-officio Insurance Commissioner. By Chapter 1, House Bill 55 of the General Assembly of 1913, the offices of the State Treasurer and Insurance Commissioner were separated. The Act created a separate Department of Insurance and provided for the qualifications of the Commissioner and his appointment by the Governor for a term of four years. Public Chapter No. 311, Senate Bill No. 1038, Public Acts of 1983, changed name and designation of the Department and Commissioner to the Department of Commerce and Insurance and the Commissioner of Commerce and Insurance, effective May 17, 1983.

The Insurance Commissioner's report for the calendar year 1983 includes statistics compiled from abstracts of the Annual Statements and is published in tabular form, giving analysis, classification and summary of items comprising the Assets, Liabilities, Surplus, Gain and Loss Exhibits. The figures given of companies of Tennessee and other states and countries are those submitted by the companies in their annual statements under oath, except where changed by the Department audit or by request of the companies. The annual statements and schedules of all companies are on file in the offices of the Insurance Division subject to public inspection.

As of December 31, 1983, there were licensed and transacting business in Tennessee the following number of companies or organizations:

POLICYHOLDERS SERVICE SECTION – YEAR 1983

The Policyholders Service Section of the Department of Commerce and Insurance assists policyholders, their beneficiaries and claimants in receiving fair and reasonable treatment in accordance with contractual provisions from insurance companies and their authorized agents. All inquiries are responded to, complaints investigated and appropriate actions are instituted where merited.

This Section serves as the investigative arm of the Department in monitoring the activities of agents throughout the state. Upon request, the staff assists local prosecuting attorneys in criminal cases where insurance companies and their agents are involved.

The Policyholders Service Section is staffed as follows: a Director, one Supervisor, two Insurance Projects Officers, ten Investigators, one Insurance Regulation Technician, and six secretaries. District Offices are maintained in Memphis, Jackson, Chattanooga, Knoxville and Johnson City, in addition to the Nashville Office.

The report for this Section for 1983 is as follows:

RATING SECTION – JANUARY-DECEMBER 1983

The Tennessee Insurance Law requires that rates charged by property and casualty insurance companies in the State must be "fair, reasonable, adequate and not unfairly discriminatory." The Rating Section makes all legal and actuarial determinations involved with the filings from property and casualty companies and rating bureaus and reports to the Commissioner its findings.

The Rating Section has licensed the following rate service organizations to make rates, rules and rating plans in accordance with the provisions of Chapter 66, Public Acts of 1983, for use in Tennessee, and such organizations are as follows:

American Association of Insurance Services
Automobile Insurance Plans Service Office
Crop-Hail Insurance Actuarial Association
Factory Mutual Service Bureau
Hail Information Services, Inc.
Independent Manual Advisory Organization
ISO Commercial Risk Services, Inc.
Insurance Services Office
Mill and Elevator Rating Bureau
National Association of Independent Insurers
National Council on Compensation Insurance
Nuclear Insurance Rating Bureau
Surety Association of America

The Rating Section has received filings in accordance with the provisions of Chapter 66, Public Acts of 1983, from the following advisory organizations which permits them to assist insurers or rating organizations in rate making by the collection and furnishing of loss and expense statistics or by the submission of recommendations, but do not on their own make filings:

Alliance of American Insurers
All-Industry Research Advisory Committee
Highway Loss Data Institute
Mill Mutual Fire Prevention Bureau
National Committee on Property Insurance
National Independent Statistical Service

During 1983 the Rating Section received 4,471 filings on which the following action was taken:

Approved	3,979
Disapproved	87
Withdrawn	31
Pending	339
Filed for Informational Purposes Only	35

DIVISION OF FIRE PREVENTION

The Division of Fire Prevention, also known as the State Fire Marshal's Office is administered by the Commissioner of Commerce and Insurance in his capacity as State Fire Marshal, through the Assistant Commissioner for Fire Prevention and the various sections of the Division. The Fire Prevention Division is the arm of state government that is charged with the life safety of all Tennessee citizens in matters pertaining to fire or fire-related codes.

The division is responsible for all statewide fire prevention programs. This currently includes, but is not limited to, public fire safety education, investigation of origin and circumstances of fires, prosecute the crime of arson and related offenses, collect, analyze, and distribute fire data, regulate liquified petroleum gas installations, manufacture of mobile homes and recreational vehicle construction, gasoline bulk storage plants, manufacture and sale of fireworks, explosive users registration, inspection of all boilers and elevators, and prosecutes violations of the respective statutes.

The division is involved in the inspection of electrical installations, schools, public buildings, high-rise buildings and places of public assembly for fire safety. The division coordinates a complete plans review on new construction projects and conducts seminars and specialized training for local governments in code related matters.

The Division is organized into eight (8) sections: Administration, Arson Investigation, Boiler and Elevator Inspection, Electrical Inspection, Engineering Plans Review, Fire Fighter Certification, Fire Safety Inspection, and Mobile Homes.

Revenues collected by the Division of Fire Prevention during the year of 1983 were:

Fees and Permits	$2,576,746.00
Fire Marshal's Premium Tax	2,273,621.01
TOTAL	$4,850,367.01

ADMINISTRATIVE SECTION

This section performs the general management and administrative duties required to maintain control and coordination among the various sections of the Division of Fire Prevention.

These duties include setting goals and objectives for the Division, establishment and enforcement of policy, purchasing and procurement of supplies and equipment, and collection and dissemination of fire data and public information.

This section also regulates the fireworks industry in the state by issuing permits to manufacturers, distributors, jobbers, wholesales, and retailers of fireworks. In 1983 fireworks permits collected $187,067.00 in state revenue.

Fireworks Permits	190,299
Refunds and Revocations	3,232
	187,067

Manufacturer	3,232
Distributor	27,750
Wholesaler	5,750
Retailer	151,850
Display	1,199

The administrative section, under its public information and education responsibilities, conducts a progressive fire safety education program in cooperation with local fire departments, civic groups, schools, and other community groups. This program reached over 228,335 people in all 95 counties of Tennessee.

A firm library is maintained by the section. The library consists of 45 different 35mm slide or 16mm film presentations. The slides and films cover many subject areas in fire prevention, education, training, and fire safety. The slides and films are loaned free of charge to fire departments and other fire safety groups for use in promoting or teaching fire safety. At any one time, over 40% of the selections are checked out with particular high demand during fire prevention week in October.

During the current year a statewide Public Fire Education training and reporting program was initiated. At present 125 fire departments statewide are participating and reporting to this office.

FIRE FIGHTING PERSONNEL STANDARDS AND EDUCATION

The Commission on Fire Fighting Personnel Standards and Education is attached to the Department of Commerce and Insurance, Division of Fire Prevention for fiscal purposes as established by T.C.A. Title 4, Chapter 24.

The Commission is responsible for:

(1) Approving the training programs offered by county and municipal fire departments, both paid and volunteer.
(2) Recommending and approving curricula for advanced courses and seminars in fire science, fire engineering and training in insitutions of higher education or other state supported schools; and certifying instructors for those programs.
(3) Establishing classification based on training and education for all fire fighting personnel who desire to be certified and successfully pass the examination for the various classifications given by the Commission.
(4) Preparing a standard examination to test the levels of training and education of applicants for certification and establishing a passing grade therefor.
(5) Disbursing the monies for the supplemental training pay to fire fighters who qualify in accordance with the provisions of T.C.A. Title 4, Chapter 24, when said funds are appropriated.

FOR CALENDAR YEAR 1983

Ten (10) additional fire departments were enrolled in the program. Thirteen (13) examinations were given, with 221 applicants participating, resulting in the certification of:

47	Apprentice Fire Fighter I's
8	Apprentice Fire Fighter II's
89	Apprentice Fire Fighters
144	Certificates issued

Twenty-one (21) Fire Department Instructors were also awarded interim certification.

ARSON INVESTIGATION SECTION

The Tennessee Arson Investigation Section is the investigative arm of the State Fire Marshal's Office. This section investigates the cause, origin and circumstances of complex fires, explosions, and other criminal acts where a fire or explosion is involved, investigates all deaths caused by fire or explosion.

This section plans and organizes Arson Investigation Programs within the state, conducts training programs and seminars for local and federal agencies involved in arson investigation and fire prevention. It also enforces state statutes on explosives, fireworks and investigates fire insurance fraud claims, presents reports and information to District Attorney General for prosecution, and makes arrests for violations where necessary.

The Tennessee Fire Incident Reporting System (TFIRS), is administered by this section. The system presently has 99 member Fire Departments reporting fire incident profiles statewide. This information is correlated and returned to the members in the form of statistical data.

Five district offices are maintained across the state located in the major cities for convenience and efficiency.

Revenue:

No State Appropriations—All revenue received and used is earned by penalties, fees, or forfeitures, and collection of the ¾ of 1% premium tax on fire insurance premiums collected in Tennessee and credited to the Fire Prevention Fund for maintenance of this division as specified in T.C.A. 53-2439 and 53-2441.

BOILER AND ELEVATOR INSPECTION SECTION

By Executive Order, the Tennessee Boiler and Elevator Inspection Division was transferred effective March 1, 1983 from the Department of Labor to the Department of Commerce and Insurance, Division of Fire Prevention.

Two separate statutes are administered by this Section as reported hereunder:

BOILER AND PRESSURE VESSEL INSPECTION SECTION

This Section is responsible for the administration and enforcement of the Tennessee Boiler and Unfired Pressure Vessel Inspection Law, Rules and Regulations. The law provides for and requires all boilers and unfired pressure vessels in the State of Tennessee to be constructed, stamped and installed in accordance with the American National Standard A.S.M.E. Boiler and Pressure Vessel Code. The law also requires periodic inspections of all inservice boilers and

pressure vessels with issuance of Certificates of Inspection; establishes qualifications for inspectors to include written examinations prepared by the National Board of Boiler and Pressure Vessel Inspectors to permit issuance of State of Tennessee and National Board Commissions; provides for examination and licensing of all boiler and pressure vessel erection and repair contractors doing business in the State and requires all alterations and repairs to be approved by an authorized inspector. Another important function of this Section is the service of conducting Quality Control System surveys and reviews in boiler and pressure vessel manufacturers shops and at field sites, leading to issuance of Certificates of Authorization from the American Society of Mechanical Engineers to fabricate and code stamp boilers, pressure vessels and nuclear power plant components. The Section also functions as the Authorized Inspection Agency in a number of manufacturing shops engaged in fabrication of boilers and pressure vessels.

A Board of Boiler Rules has been created as provided for in the law with six members appointed by the Governor for four year terms. The Board meets quarterly to hear appeals; to rule on request for special applications not specifically covered by codes or rules; to make interpretations of codes and to update rules and regulations with technological developments.

Number of Inspections, Certificates issued and Revenue collected by Boiler Section in 1983 is listed hereunder:

Boiler & Pressure Vessel Inspection Certificates Issued	27,804
Inspections by State Inspectors	11,826
Inspections by Insurance Company Inspectors	14,237
Total number inspection processed by State	26,063
Revenue collected for services	$265,588.77

ELEVATOR INSPECTION SECTION

This Section is responsible for the administration and enforcement of the Tennessee Elevator Inspection Law, Rules and Regulations. The Elevator Safety Act provides for and requires all new elevator, dumbwaiter, escalator and aerial passenger tramway plans and plans for alterations be submitted to this Section for approval and issuance of new construction or alteration permits. Acceptance inspections are required for all new installations and alterations to assure compliance with the American National Standard Safety Code. All such equipment is inspected periodically after initial acceptance inspections to authorized issuance of annual operating permits. The Act also provides for establishing qualifications, examinations and licensing of inspectors authorized to inspect elevators in the State of Tennessee.

As provided for in Act, an Elevator Safety Board has been created consisting of five members, one of whom is the Commissioner, with the other four members appointed by the Governor for terms of four years. The Board meets periodically as business requires, to hear appeals, to rule on requests for special applications not specifically covered by codes, rules and regulations; to make interpretations of rules and regulations and to update rules and regulations with technological developments.

Number of Inspections, Operating Permits issued and Revenue collected by the Elevator Section in 1983 is listed hereunder:

Alteration and Construction Permits	247
Elevator, Escalator & Dumbwaiter Permits	5,051
Aerial Passenger Tramway Permits	6
Total Permits	5,304
Total number inspections made and processed by State	9,026
Revenue collected for services	$258,730.50

ELECTRICAL SECTION

The Electrical Section is charged with conducting an inspection program available to all citizens of Tennessee. The purpose of this program is to ensure that anchoring and electrical installations are performed in a safe and uniform manner.

While conducting this program, utilizing some 63 contractural field inspectors, this section generated net receipts in the amount of some $388,000 during 1983, processed 11,766 applications for electrical registrations, performed 79,302 electrical inspections and 5,760 inspection of mobile home anchoring installations.

The administrative and supervisor functions of this section were performed by 11 state employees.

The following statistics show the number of electrical inspections made and the results of such inspections during 1983.

TOTAL ELECTRICAL INSPECTIONS	79,302
Number Accepted	72,599
Number Rejected	6,703
TOTAL INSPECTIONS ON MOBILE HOME ANCHORING SYSTEMS	5,760
Number Accepted	5,084

ENGINEERING SECTION

The Engineering Section of the Division of Fire Prevention reviews plans for all schools through twelfth grade and all state-owned buildings in the State. Plans for construction outside the jurisdiction of the 20 local governments which have elected to be responsible for building and fire code enforcement are reviewed by the Engineering Section if the building will accommodate an assembly of 300, is three stories and intended for residential or business occupancy, or is a detention or correctional facility. In addition, sprinkler plans are reviewed on request for the Department of Health and Environment, or for private businesses. Fees are assessed for plans reviews based on estimated construction cost. During the period January, 1983, to January, 1984, the following plans were reviewed and fees assessed:

Number of Plans		Fees
Schools	131	$ 75,146.54
State Owned	24	25,563.85
Other Required	14	14,205.00
Requested	29	4,811.78
Total	198	$119,727.17

Addenda to plans and field change orders are reviewed by the section for compliance with state codes. The section has increased the depth of review to include electrical and mechanical systems and accessibility to the handicapped.

The Engineering Section responds to requests for code interpretations and other code related information to local building departments and fire marshals, other state agencies, builders, and designers, and provide seminars and speakers on request. The Section assists in on-site inspections of construction on request by the Fire Safety Section, the designer, or state agencies. Approximately 13,000 telephone requests and inquiries are handled by this section each year. 83 on site inspections were made and 12 presentations were made to organizations or agencies during 1983. 111 Handicapped Code Books were sold at cost ($2.00) for a total of 222 received. 53 copies were provided at no charge to other state agencies.

Four engineers and two fire protection specialists comprise the staff.

FIRE SAFETY INSPECTION SECTION

The Fire Safety Section is charged with the responsibility of enforcing State Statutes and National Fire Protection Association Codes (especially the "Life Safety Code") for the purpose of protecting the citizens of Tennessee from possible injury or death from fire. This section is further charged under Department of Insurance Regulations, Chapter 0780-2-3 Section 0780-2-3-.06, effective August 26, 1982, with inspecting all educational occupancies, detention and correctional occupancies on State buildings under construction to insure that the construction meets the equivalent standards of The Standard Building Code and The National Fire Codes. As of January 1, 1983, that requirement was extended to cover construction of Assemblies with occupancy of 300 or more. Effective July 1, 1983, the inspection requirement was extended to include all business and/or residential occupancies three (3) or more stories in height, including those cities authorized to conduct reviews and inspections of new construction within their jurisdiction.

The 1982 Edition of The Standard Building Code and NFPA 1-1975 including all National Fire Code references were adopted by Department of Insurance Regulation Chapters 0780-2-2-.03 effective August 26, 1982.

Effective October 1, 1982, the Plans Review Staff was reorganized under a separate section. The Fire Safety Section presently consists of the Chief Fire Safety Inspector, a Supervisor of Inspections and twelve (12) inspectors working out of the Chattanooga, Jackson, Johnson City, Knoxville and Nashville offices. This Section has devised a new approach to school inspections by designing a survey type form that can be used by each fire safety inspector. The fire safety survey forms are then compiled by county or city and processed into a computer. The computer printout identifies all the schools within a system, listing the schools with the highest number of fire hazard points first followed by a priority listing of the most serious hazards. This printout provides the school superintendents with an overall picture of the more serious fire hazards within their school system. Out of 1,700 schools approximately eight (8) percent were found to have serious fire safety code violations. During the fall of 1983, this section conducted fire safety surveys on 264 private schools within the State. At the present time, the Fire Safety inspectors are working with the Headmasters and private school boards to reduce the fire safety deficiencies found in those schools.

The Fire Safety inspectors conducted a total of 8,404 inspections and associated activities (does not include revisits for assistance) for fire code compliance; investigated 25 complaints; conducted 2,649 code consultations in person with architects, contractors, builders, and owners either at on-site construction projects, architect's office and/or Division of Fire Prevention offices and conducted 131 inspections on new construction during the calendar year.

During the calendar year 1983 the fire safety section collected the following revenue for certificates of registration, licenses and LP Gas.

Explosives Certificates of Registration	18,953.00
Liquified Petroleum Gas Dealers Licensed	23,395.00
TOTAL	$42,348.00

MANUFACTURED HOUSES AND RECREATIONAL VEHICLES

This section of the Division of Fire Prevention is responsible for State administration and enforcement of the Uniform Code for Factory Manufactured Structures and Recreational Vehicles and the National Manufactured Home Construction and Safety Standards Act. This section also regulates manufactured structures industries by licensing manufacturers, dealers and stablizing systems installers doing business within the State, performing in-plant production line inspections of manufactured home and recreational vehicles during the course of construction, and performing inspections of completed units on dealers lots.

This section also participates in the HUD Manufactured Housing Program which includes manufactured housing consumer complaints handling within the State of Tennessee as a HUD approved State Administrative Agency.

Revenue increased $45,069.25 over 1982 due to the increase in production and improvement in the economy.

CONSUMER AFFAIRS DIVISION

The Division of Consumer Affairs is charged under the Consumer Protection Act of 1977 with protecting consumers and legitimate businesses from persons engaging in unfair or deceptive business practices. The Division's jurisdiction covers any trade or commercial transactions involving Tennessee consumers.

CONSUMER COMPLAINT INVESTIGATION AND MEDIATION

Consumer complaints are assigned to a specific coordinator who then contacts the respondent business, assembles available information and attempts to mediate the complaint. If the complaint remains unresolved, the complainant is notified that he or she may have a right of private action under T.C.A. 47-18-109 or that the case is to be referred to the Attorney General's office for possible legal action.

CONSUMER INQUIRIES

The Division receives thousands of inquiries from consumers each year. In some cases the consumer is referred to other state or federal agencies. In others the Division personnel, utilizing complaint records or information files, answers other requests.

INVESTIGATIONS INITIATED BY DIVISION

Occasionally, through requests from other agencies or from government officials, the Division will initiate an investigation to determine the status of a particular business or genre of business where it is felt to be in the best interests of the public to do so.

LEGAL ACTION

By statute the Division can request the state attorney general's office to become involved in a case whenever the Division has reason to believe that a person in engaging in, has engaged in, or based upon information received from another law-enforcement agency is about to engage in any act or practive declared to be unlawful by the Consumer Protection Act.

CONSUMER EDUCATION

Through communication with federal, state and local agencies and various other sources, the Division maintains up-to-date information files and compiles consumer tipsheets for use in disseminating information to consumers.

Several members of the staff accept speaking engagements on various topics of consumer education, and there is an on-going effort to provide information to consumers through media appearances and press releases. During fiscal year 1984, approximately 2,320 persons were reached through speaking engagements and there were 46 (approximately) media appearances.

CONSUMER LEGISLATION

The Division actively seeks information from other state and federal agencies regarding legislation and regulations affecting consumers and can provide this information to members of the legislature or others interested in sponsoring consumer legislation.

SECURITIES DIVISION

The Division is charged with regulation of the securities industry. There are three sections under the supervision of chiefs who report to the Assistant Commissioner—Securities, who in turn reports to the Commissioner.

SECURITIES REGISTRATION

The Securities Registration Section processes applications for registration of new issues of non-exempt securities. Registration statements are reviewed to determine whether they meet minimum standards as to disclosure of material information and as to fairness and reasonableness. No effort is made to investigate the facts provided by the Registrant. This section also processes requests for exemptions and responds to requests for no-action letters and requests for interpretive opinions.

The following table summarizes the activities and results of this Section:

	1977	1978	1979	1980	1981	1982	1983
Number of New Registrations	855	980	1,163	1,365	2,044	2,082	2,365

During the last five years, registrations have increased at an annual rate of over 13%. Currently, each examiner must handle a case load of more than 1,040 new issues. To deal with this caseload, the Division has adopted priorities for review designed to concentrate its resources on those issues requiring careful review. It has adopted uniform guidelines for review. Public availability of such guidelines speeds the process by enabling issuers to plan their offerings to meet minimum standards, to provide justification for deviations at an earlier stage of the process.

SECURITIES DIVISION—Continued

BROKER-DEALER/AGENT REGISTRATION

This Section is responsible for registration and regulation of securities broker-dealers and their salesmen, and investment advisors. Applications for registration are carefully reviewed both as to adequacy and accuracy in an effort to maintain minimum standards for members of industry. The following table summarizes this Section's activity:

Registrants	1977	1978	1979	1980	1981	1982	1983
Broker-Dealer/ Investment Advisors	489	497	520	571	490	570	700

Examinations	—	—	170	795	—	5	10
Staffing	2	2	3	4	4	4	4

The increase in dealers has been due to increased public interest in investments in real estate syndications, oil and gas interest and limited partnerships and other tax shelters.

The increase in agents is due to the upswing in the market and new efforts to enforce the rule that principals who effect securities transactions in this State must also be registered as agents.

ENFORCEMENT

This section is responsible for enforcement of the anti-fraud provision of the Securities Law. It investigates complaints from investors, follows up leads provided by other regulatory agencies, and initiates investigations based on information from informants. Cases are developed wherever possible for administrative, civil or criminal proceedings. In 1983, 26 investigations were initiated. Two (2) cases were referred for criminal prosecution. There were ten (10) convictions for fraud. Staff attorney personnel from the Enforcement Section were appointed by District Attorneys as Special Prosecutors. They assisted in the prosecution of eight (8) inindividuals in three (3) criminal cases. In four (4) other cases, criminal indictments were returned against five (5) individuals. Five (5) Agent applications were denied. There were ten (10) Consent Orders which resulted in Cease and Desist and Suspensions of three (3) Broker-Dealers and seven (7) agents. Other Consent Orders were entered against seventy-eight (78) unregistered companies and individuals.

TENNESSEE STATE BOARD OF ACCOUNTANCY

In 1913, Tennessee became the twenty-fourth state to enact a law to regulate and license accounts. The first law was repealed and a new one passed in 1926, a new law without a restrictive clause was enacted.

The Board shall be composed of eleven (11) members appointed by the Governor. Six (6) of the members shall be certified public accountants licensed by and residing in the State of Tennessee. Three (3) of the members shall be public accountants licensed by and residing in the State of Tennessee. One (1) member shall be an attorney licensed to practice in the highest court of this State. One (1) member shall be a public member possessing expertise in one or more significant portions of the board's regulated activities. The Board Members functions are to: (1) administer the accountancy act and rules and regulations; (2) determine the qualifications of C.P.A. candidates; (3) conduct the uniform AICPA examinations of candidates; (4) adopt and enforce rules of professional conduct; (5) revoke or suspend certificates for violations of the accountancy law, after a hearing.

During the fiscal year 1983, the production activity of the Accountancy Board was:

STATE BOARD OF ARCHITECTURAL AND ENGINEERING EXAMINERS

The State Board of Architectural and Engineering Examiners was originally created by Public Acts of 1921, to assure that only properly qualified persons shall practice architecture and engineering in this State. Public Acts of 1975 completely rescinded the old statutes governing the Board and replaced them with a new Act. Again in 1979, Sunset Legislation brought about major revisions by an Act to restructure the Board of Examiners for Architects and Engineers and the Board of Landscape Architects by combining such boards to create a single entity, to provide a termination date for such entity under the Governmental Entity Review Law, to provide for consumer representation on such entity, to amend Tennessee Code Annotated, Section 4-2903, and to repeal Tennessee Code Annotated, Title 62, Chapters 2 and 23.

This Board consists of seven (7) members, three (3) registered architects, three (3) registered engineers and one (1) member who is not engaged in the practice of architecture, engineering or landscape architecture. The Board is required to appoint a committee on Landscape Architecture for the administration of the Landscape Architectural registration process. This committee shall be composed of one (1) architectural Board Member, one (1) engineering Board Member, and the third member shall be a Landscape Architect.

Uniform national examinations for each of the three respective professions are administered by the Board. Tennessee candidates passing scores rank with the national and regional averages.

During the fiscal year 1982-83, the production activity of the State Board of Architectural and Engineering Examiners was:

TENNESSEE AUCTIONEER COMMISSION

The Tennessee Auctioneer Commission was created in 1967 by the adoption of Title 62, Chapter 19. There are four Commissioners appointed by the Governor. Three of these appointees are required to be practicing auctioneers with at least five (5) years experience prior to their appointment. The fourth Commissioner is a consumer member. The Commission meets during the months of January, April, July and October and special meetings are held when necessary to transact business. They are responsible for examining and licensing auctioneers and apprentice auctioneers engaged in the auction industry of Tennessee.

This Commission gives a two-part, oral and written examination. The exams are given on the first Monday of February, May, August and November. Each applicant must attend an accredited auction school, take an examination and have two years experience working with a licensed auctioneer. Statistics of production activities are as shown below for the fiscal year ending June 30, 1983.

TENNESSEE BOARD OF BARBER EXAMINERS

The first law regulating the practice of barbering in Tennessee was enacted by Chapter 118, Public Acts of 1929. The Board appointed by the Governor consists of five (5) members, no more than two (2) of whom shall be from each grand division of the state. Four (4) members shall be practicing barbers who have practiced such occupation in this state at least five (5) years immediately prior to appointment to the board. One (1) member shall be a person who is not a barber. Such public member shall participate in all activities of the board except examination composition, administration of practical portion of examinations, and inspections of barber schools.

Members shall serve for three (3) years. The Governor may remove a member for cause. Members appointed to fill vacancies caused by death, resignation or removal shall serve during the unexpired term of their predecessor. No board member shall be an instructor, owner, employee, or manager of a barber school or college.

The four (4) members licensed to practice barbering shall perform inspections of barber schools and colleges. Inspections of barber shops shall be performed by inspectors provided and supervised by the director of the division of regulatory boards, Department of Commerce and Insurance. Presently, each barber shop in Tennessee is inspected at least one (1) time per year. The barber schools are inspected monthly by members of the board.

The board composes and grades examinations, which consists of two (2) parts, written and practical demonstration for the apprentice and technician certificates, masters and practical instructors give a practical demonstration before the board to obtain their certificates and theory instructors take a written examination. Approximately, 21% of all those examined fail the test. The board issues eight (8) types of licenses; schools, students, theory and practical instructors, technicians, apprentices, master and barber shops.

TENNESSEE CEMETERY ADVISORY COMMITTEE

The Cemetery Advisory Committee was created by the Legislature in 1980. This committee is composed of five (5) members, who are appointed for terms of four (4) years. This committee is not a funded agency and they have no executive, administrative or appointive powers or duties, but do have authority to:

(1) apply for an accept on behalf of the Commissioner of Commerce and Insurance federal funds made available to restore or maintain cemeteries of historical significance;
(2) consult with and advise individuals, citizens' groups, counties, municipalities, and agencies, departments or instrumentalities of the state government on matters pertaining to cemeteries of historical significance;
(3) develop standards for the evaluation of cemeteries of historical significance meriting financial assistance from the state for the purpose of restoration or maintenance;
(4) estimate the cost of the proposed restoration or maintenance for a cemetery under review by the cemetery committee;
(5) recommend to the Commissioner of Commerce and Insurance cemeteries of historical significance which merit financial assistance for restoration or maintenance; and
(6) recommend to the Commissioner of Commerce and Insurance the amount of financial assistance required by cemeteries of historical significance.

TENNESSEE COLLECTION SERVICE BOARD

Tennessee Code Annotated, 62-20-101, Acts 1981, Chapter 170 sets forth legislation for the Tennessee Collection Service Board. The Board is composed of three (3) members, appointed by the Governor for three (3) year terms. No more than two (2) of the members may be in the collection service industry. All are required to have been residents of Tennessee for at least five (5) years.

The Board shall annually select from its members a chairman, vice-chairman and secretary. No one member of the Board shall hold more than one office. They formulate all public policy concerning the industry; enact rules and regulations, grant licenses to applicants that meet the requirements; refuse to grant licenses to those applicants that do not maintain complete records or sufficient funds for clients; initiate investigations, issue solicitors cards; may suspend, revoke or cancel licenses for cause; and insure compliance with enacted legislation pertaining to the collection industry. CONTRACTORS BOARD

The first legislation regulating the construction industry in Tennessee was passed in 1931, revised in 1945, 1965, 1972, 1979 and 1981. The Board consists of six (6) licensed contractors appointed by the Governor, for seven (7) year terms. It is composed of one (1) sub-contractor, one (1) home builder, and four (4) other licensed contractors who have had at least ten (10) years of construction experience, and one (1) public member who is not engaged in the business of contracting in any county of this State.

The Board is responsible for approving applicants based upon experience, financial reports, letters of reference and equipment; accordingly the license is issued to construct in certain classifications, i.e., industrial, commercial, residential and a single contract limit above which he may not bid, i.e., $100,000, $1,000,000, $2,000,000. The Board members make bylaws, rules and regulations, determine the qualifications; conduct written or oral examinations; determine classifications and bid levels; revoke or suspend (after a hearing) any license or renewal granted and initiate or request investigations. The Board shall meet in January, March, May, July, September and November for the purpose of transacting business. At the January meeting of each year, the Board shall elect officers including a Chairman, Vice-Chairman, and Secretary.

The production activity for the year ending June 30, 1983 is:

TENNESSEE MOTOR VEHICLE COMMISSION

The Tennessee Motor Vehicle Commission was created by Public Act in 1955. The Commission consists of eleven (11) members, including two (2) public members. Their basic function is to regulate and license motor vehicle manufacturers, distributors, representatives, dealers, and salesmen, in order to prevent frauds and impositions upon the public. In 1958 the Commission was given responsibility for automobile auctions and in 1977 for automotive dismantlers and recyclers. Examinations are not required for applicants for any license; however, applicants must qualify and be inspected by the field representatives.

The Commission meets at least four times per year, in January, April, July, and October. They employ a director, field supervisor, administrative assistant, typist 2, and six (6) field representatives, to administer the duties of the Commission. The field representatives handle complaints and mediate disputes between parties. The general activity of the Commission for the year 1983 is as shown:

PATIENT QUALIFICATIONS REVIEW BOARD

The purpose of this program is to evaluate the use of marijuana cigarettes and capsules in cancer patients for the relief of nausea and vomiting associated with cancer chemotherapy after failure of conventional anti-emetic therapy.

The program is administered by the Board of Pharmacy with the approval of a six member board, elected by the Governor, consisting of five physicians and one pharmacist. The program began dispensing marijuana in July, 1982.

A statistical review of this program from June, 1983 through May, 1984 is as follows:

Number of patients	41
Participating pharmacies	11
Participating physicians	17

Of the 41 patients receiving treatment through this program, 37 have received substantial relief from nausea and vomiting, 4 could not complete therapy.

BOARD OF PHARMACY

The original Board of Pharmacy was created in 1893. The Board currently consists of six members who are pharmacists; each is appointed by the Governor for a six-year term. The Board employs a director, five investigators, and clerical staff to administer the duties of the board. The director and three investigators are pharmacists.

Specific duties of the Board are to administer examinations to graduates of recognized schools or colleges of pharmacy applying for licensure; insure compliance with the Pharmacy Code; for good cause, refuse to grant licenses or revoke or suspend licenses after conducting proper hearings; and through investigations and inspections insure that the pharmacists of Tennessee are properly dispending drugs to the people for legitimate medical purposes in accordance with state and federal laws. The general activities of the Pharmacy Board for the year 1983 are as shown:

TENNESSEE STATE PRIVATE EMPLOYMENT AGENCY BOARD

The Private Employment Agency Act regulates the private employment agency industry and protects persons who seek employment and employers who hire through such agencies. This act is enforced by issuing licenses to private employment agencies, their managers and counselors. The act itself established a regulatory board composed of six (6) members appointed by the Governor, with the Commissioner acting as a seventh member. These six (6) appointees represent the agency industry itself as well as private business and labor. This Board is charged with the duty of establishing rules and regulations to enforce the Act and to conduct hearings where violations of the Act are found.

By Executive Order the Board was moved from the Department of Labor to the Department of Commerce and Insurance February 15, 1983.

The activity for the fiscal year 1983 is as follows:

Activity	Number
New Licensed Agencies	28
New Licensed Managers	57
New Licensed Counselors	198
Renewals, Agencies	169
Renewals, Managers	241
Renewals, Counselors	336
TOTAL	1029

TENNESSEE REAL ESTATE COMMISSION

State regulation of the real estate industry began in 1915, was revised in 1919, but only required the filing of an application, paying a fee, giving a bond and paying a privilege tax. This licensing was administered by the County Court Clerks. In 1951 the legislature created the Tennessee Real Estate Commission. The Commission Code has been amended and revised several times and is presently operating under Tennessee Brokers Act of 1973 as amended. 1983 witnessed a continual rapid growth in the Time Share industry. Time Sharing also known as interval ownership, enables a person to own his vacation home at a particular time of year without the cost and responsibility of full-time ownership. This new industry has been responsible for a growing number of consumer complaints. There are currently seven (7) Commissioners appointed by the Governor each for a term of five (5) years. Two (2) public members were appointed to the board in 1980-81.

The basic responsibility of the Commission is to ensure protection to the public. This is accomplished by requiring and rendering competency examinations; requiring an apprenticeship for broker applicants; supervised affiliation for salesman applicants; establishing educational requirements; initiating investigations to eliminate incompetence, misrepresentation and fraud among some agents; and to help develop professionalism among real estate agents. Brokers and Affiliate Brokers are required to be bonded for the protection of the public. The Commission, after proper hearings, is empowered to revoke or suspend licenses. Their performance activity for the fiscal year 1983 is as shown:

Activity	Number
Examinations	4,416
Renewals	17,623
Transfers	6,606
Duplicate License	55
Rental Locators	7
Retirements	8,000
Firm Applications	302

INVESTIGATIONS SECTION

The primary objective during fiscal 1983 was to develop a "printed" report writing format which would not only identify the Regulatory Boards Investigation Section but would standardize the report writing format. The logo adopted was "RBI."

A secondary objective of the Investigations Section was to refine the development of a system of "accountability" or "checks and balances," initiated in fiscal 1982 for every investigation received in the Section and subsequently reported to the Legal office and the respective Board. Added to the Report of Investigation (ROI) and the Investigative Memorandum (IM) was the category of a "Lead."

The investigator case assignment card was refined to coincide with the initiation of an indices system. Added to the growing record system was the development of a report "abstract" that would capsulize in several sentences the content of an entire report. Monthly, quarterly, semi-annual and annual reports were submitted to the Administration, Board Supervisors and all Investigators reflecting individual and section assignments and achievements. A monthly case review file for all investigators was continued.

The Section operated during the fiscal year with a Chief Investigator, a Secretary, a typist and 10 full-time Field Investigators. Investigations were conducted for all agencies of the Regulatory Boards Division with the exception of the Board of Pharmacy and the Motor Vehicle Commission. During the latter part of the fiscal year, the Private Employment Agency Board was transferred to the Department. Three code inspectors were transferred from the Department of Labor to the Investigative Section. Both Real Estate, Private Employment Agency and Cosmetology inspections were conducted.

The following statistics for the Investigative Section was based on the fiscal year July 1, 1982 through June 30, 1983, a year that reflects a total of 248 working days:

Activity	Number
Investigations Opened	266
Investigations Re-Opened	21
Investigations Closed	319
Firm Inspections	298
(1984-Cosmetology; 11-Private Employment; 93-Real Estate)	
Internal Advisory Memoranda	289

To accomplish the above activity, the Investigations Section drove a total of 93,236 miles (84,509 miles using their own personal vehicles and 8,727 miles using a State vehicle).

The most important part of any investigation is its final disposition. Coordination between Legal, the Boards, and the Investigations Unit did not always lend itself to an accurate accounting of disposition statistics. Upon request of the Legal Section, a final report would only go to the Legal Section. Accompaning that report would also be the Board report that Legal would release to the Board only upon the final adjudication of the matter. To keep the system of "checks and balances," receipts for the completed reports would be obtained from Legal and a disposition notice re the case would be given to the appropriate Board administrator. The following dispositions were reported to the Legal Section to the Investigations Unit as the final result of an official investigation:

Activity	Number
Licenses Revoked	5
Licenses Suspended	6
Licenses Placed on Probation	4
Letters of Reprimand	8
Caution Letters	3
Warning Letters	29
Cease and Desist Letters	12
Arrest Warrants Obtained	11
Fines Assessed	$16,600
(only $11,500 collected by State)	

The majority of the investigative case load during fiscal year 1983 was generated by the Real Estate Commission (41.5%).

During the fiscal year, the Investigations Unit conducted one significant in-house investigative training seminars where primary emphasis was on acquainting the new investigators with their investigative responsibilities and the senior investigators with the new responsibilities of the Private Employment Agency field.

LEGAL SECTION

There are four (4) Staff Attorneys working for the Regulatory Boards. One (1) staff attorney primarily handles rules and regulations for all the Regulatory Boards. The other three (3) attorneys handle board meetings and hearings. The staff attorney's primary duties are:

1. To prepare and present contested case hearings initiated by the filing of charges as a result of complaints filed against licensees by consumers, licensees or the individual board or commission;
2. To draft legislation and rules concerning the operation of the Regulatory Boards, and the businesses and professions which they regulate;
3. To conduct rule-making hearings and attend legislative committee meetings at which matters pertaining to the Boards are considered;
4. To attend regular board meetings of the fifteen (15) Regulatory Boards for the purpose of answering legal questions and otherwise helping to guide the proceedings;
5. To respond to a large volume of legal inquiries from consumers, affected businesses and counsel for respondents in contested cases;
6. Review all proposed contracts to which the Regulatory Boards are a party;
7. Act as a liaison between the Boards and Office of the Attorney General and Secretary of State;
8. To file criminal charges and assist local District Attorneys with the prosecution of licensees who have engaged in criminal conduct;
9. To administer the Time-Share Act of 1981. This responsibility involves interpretation of the Act, reviewing applications for registration from developers and acquisition agents, answering legal inquiries from developers, brokers, and consumers, and writing the rules and regulations of the Act. The violation of the Time-Share Act by a broker constitutes a violation of the Brokers' Act and requires that the Staff Attorney prepare and present a contested case hearing before the Real Estate Commission;
10. To ensure that the Regulatory Boards and Commissions are in compliance with the Uniform Administrative Procedures Act and other applicable legislation; and
11. To provide administrative legal support to the Director of the Regulatory Boards.

The Staff Attorneys review all Reports of Investigation and Investigative Memorandums submitted by the Investigative Section. During 1983, one hundred thirty nine (139) Reports of Investigation and one hundred and eleven (111) Investigative Memorandums were submitted to the Staff Attorneys for review and recommendation for action to the Boards.

There were fifty (50) formal hearings and eighty nine (89) informal conferences. These resulted in the revocation of forty three (43) licenses, suspension of nineteen (19) licenses; the probation of twenty five (25) licenses. The civil penalties assessed from formal hearings (Pharmacy Board only) totaled eighteen thousand seven hundred ($18,700) dollars.
